PROPREITARY PRODUCT AND SOLE MANUFACTURER CERTIFICATE

NOTARIAL

This is to certify that MedPrime Technologies is the sole owner and manufacturer of the Cilika and Micalys series of microscopes.

The Cilika series includes diagnostic-quality digital microscopes with mobile phone/tablet display, available in portable and benchtop models. The Micalys series consists of automated digital microscopes cum whole slide scanners, designed for high-throughput digital pathology applications.

MedPrime is an ISO 9001:2015 certified technology company dedicated to developing cutting-edge yet affordable healthcare solutions, with a focus on patient monitoring and diagnostic devices.

NOTARIAL

Through extensive research and innovation, we have developed a strong portfolio of intellectual property, including patents and trademarks. Both Cilika and Micalys microscopes incorporate patented technology that enables stable high-resolution, high-magnification digital imaging within a compact and lightweight structure. The Cilika portable microscope is the first of its kind, providing a complete digital microscopy solution, ideal for point-of-care testing, site visits, and screening camps. Meanwhile, the Micalys series offers automated whole slide scanning, allowing for seamless digital pathology workflows.

The inventors of these patented technologies are members of MedPrime's development team, and the patents are owned by MedPrime Technologies. Thus, MedPrime holds the sole rights to manufacture and sell these products. Both Cilika and Micalys are proprietary products of MedPrime Technologies.
